Can-do: say and understand 12 everyday caregiver facility places in a care home resident's room dining room bathroom toilet corridor stairs elevator reception office nurse call button handrail where is it finding your way around the building words.

## 1 · Vocabulary — 語彙

| #  | 日本語                                                         | ROMAJI                       | ENGLISH                                                                | メモ / NOTES |
|----|-------------------------------------------------------------|------------------------------|------------------------------------------------------------------------|------------|
| 1  | <small>きょしつ</small><br>居室                                   | <i>kyoshitsu</i>             | a resident's own room (the care-home word, used at work)               |            |
| 2  | <small>へや</small><br>部屋                                     | <i>heya</i>                  | a room — say お部屋[へや] when you talk to the resident                     |            |
| 3  | <small>しょくどう</small><br>食堂                                  | <i>shokudou</i>              | the dining room — where residents eat together                         |            |
| 4  | <small>よくしつ</small><br>浴室                                   | <i>yokushitsu</i>            | the bathroom for bathing (not the toilet)                              |            |
| 5  | トイレ                                                         | <i>toire</i>                 | the toilet                                                             |            |
| 6  | <small>ろうか</small><br>廊下                                    | <i>rouka</i>                 | the corridor; hallway — keep it clear, residents walk here             |            |
| 7  | <small>て</small><br>手すり                                     | <i>tesuri</i>                | a handrail — along the corridor and in the toilet                      |            |
| 8  | <small>かいだん</small><br>階段                                   | <i>kaidan</i>                | stairs                                                                 |            |
| 9  | エレベーター                                                      | <i>erebe-ta-</i>             | an elevator; lift                                                      |            |
| 10 | <small>うけつけ</small><br>受付                                   | <i>uketsuke</i>              | reception — where families sign in for a visit                         |            |
| 11 | <small>じむしょ</small><br>事務所                                  | <i>jimusho</i>               | the office                                                             |            |
| 12 | <del>ナースコール</del><br><small>仕事日本語 · Shigoto Nihongo</small> | <del><i>na-suko-ru</i></del> | <del>the nurse call button — a resident presses it to call staff</del> |            |

## 2・Recall — 日本語 → English

Cover section 1. Write the reading (ふりがな) and the English meaning.

| 日本語         | READING (ふりがな) | ENGLISH |
|-------------|----------------|---------|
| きょしつ<br>居室  |                |         |
| へや<br>部屋    |                |         |
| しょくどう<br>食堂 |                |         |
| よくしつ<br>浴室  |                |         |
| トイレ         |                |         |
| ろうか<br>廊下   |                |         |
| て<br>手すり    |                |         |
| かいだん<br>階段  |                |         |
| エレベーター      |                |         |
| うけつけ<br>受付  |                |         |
| じむしょ<br>事務所 |                |         |
| ナースコール      |                |         |

## 3・Produce — English → 日本語

Now the other way round. Write the Japanese word — this is the direction you need on shift.

| ENGLISH                                                  | 日本語 |
|----------------------------------------------------------|-----|
| a resident's own room (the care-home word, used at work) |     |
| a room — say お部屋[へや] when you talk to the resident       |     |
| the dining room — where residents eat together           |     |
