1・Vocabulary — 語彙

| #  | 日本語                                           | ROMAJI             | ENGLISH                                            | メモ / NOTES |
|----|-----------------------------------------------|--------------------|----------------------------------------------------|------------|
| 1  | みと<br>看取り                                     | mitori             | end-of-life care — staying with someone to the end |            |
| 2  | しゅうまつき<br>終末期                                 | shuumatsuki        | the last stage of life — the doctor decides it     |            |
| 3  | かぞく<br>ご家族                                    | gokazoku           | the family (polite) — they need care too           |            |
| 4  | そばに　いる                                        | sobaniiru          | to stay close — at the bedside, near her head      |            |
| 5  | しず<br>静かに                                     | shizukani          | quietly — a low voice, a soft door                 |            |
| 6  | やす<br>安らか                                     | yasuraka           | peaceful — what everyone hopes for her             |            |
| 7  | こえ<br>声を　かける                                  | koeokakeru         | to speak to someone — keep talking to her          |            |
| 8  | き<br>聞こえる                                     | kikoeru            | to be able to hear — assume she still can          |            |
| 9  | て　にぎ<br>手を　握る                                 | teonigiru          | to hold someone's hand — care without words        |            |
| 10 | こきゅう<br>呼吸                                    | kokyuu             | breathing — watch its rhythm                       |            |
| 11 | ようす<br>様子                                     | yousu              | how someone is — colour, breathing, face           |            |
| 12 | かん　ごし　つた<br>看護師に　伝える<br>仕事日本語・Shigoto Nihongo | kangoshinitsutaeru | to tell the nurse — every change, at once          |            |

## 2・Recall — 日本語 → English

Cover section 1. Write the reading (ふりがな) and the English meaning.

| 日本語                 | READING (ふりがな) | ENGLISH |
|---------------------|----------------|---------|
| み と<br>看取り          |                |         |
| しゅうまつき<br>終末期       |                |         |
| かぞく<br>ご家族          |                |         |
| そばに いる              |                |         |
| しず<br>静かに           |                |         |
| やす<br>安らか           |                |         |
| こえ<br>声を かける        |                |         |
| き<br>聞こえる           |                |         |
| て にぎ<br>手を 握る       |                |         |
| こきゅう<br>呼吸          |                |         |
| ようす<br>様子           |                |         |
| かんごし つた<br>看護師に 伝える |                |         |

## 3・Produce — English → 日本語

Now the other way round. Write the Japanese word — this is the direction you need on shift.

| ENGLISH                                            | 日本語 |
|----------------------------------------------------|-----|
| end-of-life care — staying with someone to the end |     |
| the last stage of life — the doctor decides it     |     |
| the family (polite) — they need care to            |     |

|                                                  |  |
|--------------------------------------------------|--|
| to stay close — at the bedside,<br>near her head |  |
| quietly — a low voice, a soft door               |  |
| peaceful — what everyone hopes<br>for her        |  |
| to speak to someone — keep<br>talking to her     |  |
| to be able to hear — assume she<br>still can     |  |
| to hold someone's hand — care<br>without words   |  |
| breathing — watch its rhythm                     |  |
| how someone is — colour,<br>breathing, face      |  |
| to tell the nurse — every change,<br>at once     |  |
